Growers of

Rare Alpines
Perennials, Hardy Cacti
Rockery Plants
and Wild Flowers

INTRODUCTION

TO OUR MANY FRIENDS we are indebted for much of our inspiration in this interesting work, growing Rare Perennials and Alpines. In presenting this Catalog we thank our numerous customers for their kind and increasing patronage of the past years.

OUR NURSERIES are located at Barrington, N. J., 6 miles from Philadelphia, just off the White Horse Pike. Consisting of the finest sandy loam soil with enough variety for adaption to all class of plants.

QUALITY: With but few exceptions, we propagate all plants from divisions or cuttings. In this way we develop a finer, stronger plant, true to name and color. We grow from seed only those varieties which cannot be grown in any other way. Our list is varied and complete. All plants will flower in abundance the first year, and our catalog is most descriptive. We grow only **Hardy Perennials, Rockery Plants and Alpines.**

VISITORS: Visitors are always welcome at our nurseries. You will receive the most courteous consideration, whether you purchase or not. If garden advice is required, ask for it. It is free.

GUARANTEE: All plants offered in this Catalog are grown in our own nurseries and handled by expert help. No claims will be entertained unless received within 10 days after receipt of stock. While we use proper care in packing, we cannot be held responsible for undue delay in transit. Keep a duplicate of your order and notify us promptly in case of error on our part, as it is our desire that customers should be satisfied in every respect.

DELIVERY: All plants listed in this catalog are sent postpaid anywhere in the United States, unless shipped by express. We make no substitutions unless by special request.

ACHILLEA.

Eupatorium. Flat heads of brilliant yellow flowers. June and July. 3 to 4 feet.

Millifolium Roseum. Dense heads of rosy pink flowers. July to October. 18 inches high.

Ptarmica, Boule De Neige. Double white flowers, very full and compact. June. 15 inches high.

Ptarmica, The Pearl. Double white flowers. All summer long. Good for cutting. 2 feet high.
